

PT UTILITY METER SECURITY LABEL

- ❖ PT (partial transfer) utility meter label is developed especially for show any sign of tampering on utility meters.
- ❖ Through the many security elements, the label shows clear evident of tampering and manipulation.
- ❖ When peeled off, a „VOID OPENED” text appears on the label and the under layer sticks on the application surface with the same security text.
- ❖ The security text will remain even when the label is repasted, so the tampering is proven anyway.
- ❖ A labels come with sequential number with no duplication. Custom company logo or text is an additional security feature.
- ❖ Other optional security options: barcode, hologram, guilloche writing, counterfoil, security cut-pattern, etc.
- ❖ You can customize the labels for your own needs through the many size and security opportunities.

APPLICATION

- ❖ On a bigger scale PT labels are used for securing security pouches, boxes, envelopes, cartons, IT devices, medical kits, utility meters, money boxes, bottles, containers, vehicles, etc. We made this special kind of PT label with these security elements for utility meters.

USER MANUAL

- ❖ Clear the application surface from grease, water and dust before use!
- ❖ Use the labels on standard temperature (+10-35 °C). On standard temperature the glue of the label will reach it's maximum adhesive strength in 10 minutes.
- ❖ Store in dry conditions, between +10-20°C (50-68°F), kept in box, out of direct sunlight.
- ❖ Not recommended for uneven or rough surface.
- ❖ Please test the label on the future application surface before use! If you are unsure that the label will stick to the surface, feel free to ask for samples from us for testing.
