PALLETSEAL

Pallets in transit are vulnerable to theft and tampering. This has resulted in the design of this tamper evident permanent label. Designed to protect the banding or strapping of the pallet.

By manipulation the text "VOID OPENED" appears on the label.

One label that can protect four cartons intersecting on the side of the pallet.

This label has a printable area for Shippers name, Facility information, Bill of Lading/Manifest, number of pieces on the pallet and can be overprinted with sequential numbers to provide identity and chain of custody in transit.

The individual details on the labels ensure they can not be copied and used inappropriately.

Standard label specification:

- Dimensions: 220 x 220 mm
- Sequential numbering
- Standard colour: red, with white text

All statements, technical information and recommendations herein are based on tests the Manufacturer believes to be reliable, but the accuracy and completeness thereof is not guaranteed and the following is made in lieu of all warranties, expressed or implied, including the implied warranties of merchantability and fitness for purpose: Seller's and Manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Before using, User shall determine the suitability of the product for its intended use, and User assumes all risk and liability whatsoever in connection therewith. Seller reserves the right to improve the product and accordingly change the specification without notice. Neither Seller or Manufacturer shall be liable either in tort or in contract for any loss or damage, direct, incidental or consequential, arising out of the use of or the inability to use the product. No statement or recommendation not contained herein shall have any force or effect unless in an agreement signed by officers of or Seller and Manufacturer.
